GENDER PAY GAP  
2022

At Daylesford Organic we are committed to a balanced workforce, treating our employees fairly and with opportunities for everyone.

## THE GENDER PAY GAP REGULATIONS REQUIRE THE REPORTING OF:

- The differences between male and female mean and median pay, and mean and median bonus pay
- The distribution of genders within four pay band quartiles
- The proportion of men and women receiving bonus pay in a year

All organisations with 250 or more employees are required to publish these statistics.

## PROPORTION OF FEMALES AND MALES IN OUR WORKFORCE

At the snap shot date, we had a close split of male and female employees in the business.

# GENDER PAY GAP AND GENDER BONUS GAP

(Difference between Men and Women)

	MEAN	MEDIAN
HOURLY PAY	9.7%	8.5%
BONUS PAY	34.1%	22.6%

## DAYLESFORD COMPARISON TO THE UK'S NATIONAL GENDER PAY GAP

For comparison, the UK's national gender pay gap is above Daylesford's figure.

## PROPORTION OF MALE AND FEMALE EMPLOYEES RECEIVING A BONUS

Over half (54.2%) of our employees received a bonus\*

\*Bonus payments are not applicable to those working their notice or with less than 3 months service, regardless of position.

PAY QUARTILES

I confirm that the above pay gap calculations are accurate
